

Hello, we are this year's eco council (2019/2020).

There are representatives from each year in each class on the council.

We as the eco council are working hard to encourage others to recycle around the school. The eco council members have been washing yogurt pots during lunch time and every class now has a food recycling bin. The eco council also ask you as parents to try and pack your child's lunch boxes more eco-friendly, that means less plastic in their lunch box where possible.

Aled and Catrin

During the last term all the pupils in Ysgol Plas Coch were busy collecting bottle caps to put into Betty the giraffe. We were fortunate enough to welcome Betty to stay with us for a full month, thanks to the company 'The British Ironwork centre'. The caps we collected were put to good use by Eirlys Morris, Glesni's Nain.

During this term we would like to create a mural of the Welsh flag. We ask if all parents, pupils and friends of Ysgol Plas Coch could send in white and red bottle caps to help make the mural.

Osian and Nia

During the term we planted trees on the grass outside the school. It was a very cold and wet afternoon. We wore our wellies and coat's. Everybody had fun planting the trees in the hole's but Mrs Wyn had some trouble and we needed Mr Rogers to come and save the day.

We as Eco council members would like to thank Summer from Dosbarth Gwenfro and her grandmother for kindly donating the saplings to the school.

Chloe, Mia and Maisy

As part of their winter theme, the staff at 'Meithrin Mwy' have been busy making an igloo out of the many plastic milk bottles that we now use during our morning snack. Every class collected their bottles and it wasn't long before they had enough to start building. The children in 'Meithrin Mwy' have enjoyed playing in the igloo and we have helped make fun out of reused bottles.

Tilly and Fleur
