We hope that you have had a lovely Easter and enjoyed the glorious weather. We are about to start a new unit of work on Wednesday (22/4) using 'Assignments' within 'Teams'. A Language and Numeracy task will be loaded by 9:30 am every day (following your P.E activity with Joe Wicks). To aid you with using this tool, watch the following video of how to access / complete work within 'Assignments'.

**We kindly ask that everyone that has access to a computer to work electronically in their HWB accounts. If you wish to receive a paper copy of the work, please inform the teachers / school by Tuesday night (21/4) at the latest via email so that packs can be prepared on Wednesday and ready for collection on Thursday.**

**During this time, it is also important to take advantage of being able to relax and enjoy being at home doing the things you enjoy e.g. ride a bike, play in the garden, read a book of your choice, draw a picture, cook etc.**

*Twinkl are continuing to offer free membership, use the details below to log in. Feel free to send any work or ask any questions to your teacher via e-mail:*
